Part B. Interests That Are Not Mainly Financial

You have been invited by the National Pain Centre (NPC) to participate in the development of clinical practice guidelines on the following topic(s):

Opioids for treatment of chronic non-cancer pain

The questions that follow are designed to elicit information about personal beliefs, intellectual positions or opinions, institutional relationships, and other interests that are not mainly financial and that may be relevant to guidelines on the above topic(s).

Personal Beliefs
1. Do you have strongly held beliefs related to the topic of these guidelines?
   ☒ Yes
   
   If yes, please explain: Guidelines are important to guide prescribing.

Previously Published Opinions
2. Have you ever authored, coauthored, or publicly provided an opinion related to the topic of these guidelines, e.g., a clinical practice guideline, textbook, review article, meeting poster or presentation, grand rounds talk, letter to the editor?
   ☒ Yes
   
   If yes, what were those views and where were they made?

Research
3. Currently or in the past 24 months, have you been involved in a leadership role in any research project not already reported under Part A, Question 4, relevant to the topic of these guidelines, e.g., a research project funded by a nonprofit or governmental organization?
   ☒ No
   
   ☐ Yes, as described below:
Column 1  Name the entity funding the research.

Column 2  Describe the research project.

Column 3  Describe your role: (a) national or overall principal investigator, (b) member of a steering committee of a study that does not have a principal investigator, (c) site or local investigator. If other than these options, please describe.

Column 4  Indicate when your involvement ended, if applicable. (If your involvement has not yet ended, indicate “current” or “ongoing.”)

Add rows as needed for each research project.

Part B. Interests That Are Not Mainly Financial

You have been invited by the National Pain Centre (NPC) to participate in the development of clinical practice guidelines on the following topic(s):

Opioids for treatment of chronic non-cancer pain

The questions that follow are designed to elicit information about personal beliefs, intellectual positions or opinions, institutional relationships, and other interests that are not mainly financial and that may be relevant to guidelines on the above topic(s).

Personal Beliefs

1. Do you have strongly held beliefs related to the topic of these guidelines?

☐ No
☒ Yes

If yes, please explain: I believe that opioids have a role to play in the treatment of chronic pain, but that the most appropriate role is very different from current patterns of practice. Most importantly, I believe they should be used less often and at lower doses.

Previously Published Opinions

2. Have you ever authored, coauthored, or publicly provided an opinion related to the topic of these guidelines, e.g., a clinical practice guideline, textbook, review article, meeting poster or presentation, grand rounds talk, letter to the editor?

☐ No
☒ Yes

If yes, what were those views and where were they made?

Over the past 7-8 years I have given hundreds of media interviews and scores of talks on this topic, published dozens of related manuscripts, and penned several commentaries in the lay press. I have also made my views public on social media.
Research

3. Currently or in the past 24 months, have you been involved in a leadership role in any research project not already reported under Part A, Question 4, relevant to the topic of these guidelines, e.g., a research project funded by a nonprofit or governmental organization?

☐ No
☒ Yes, as described below:

Most of these studies address prescribing trends of safety concerns associated with opioid use. A list of publications is available upon request.

Institutional Relationships

4. Do you generate revenues or nonfinancial benefits for your institution by teaching, speaking, consulting, testifying, writing, or otherwise sharing your knowledge or opinions about this guideline topic?

☒ Don’t know
☐ No
☒ Yes

If yes, please explain: While most of my talks are given for free, I am occasionally paid a stipend – e.g., for a lecture given at a continuing medical education event. I have also provided expert opinion on medicolegal matters, some of which have involved opioids (although in no instances have I engaged in paid work for or against opioid manufacturers.) Income received from speaking or expert testimony is tithed by The Sunnybrook Department of Medicine as part of our academic practice plan.
5. Could your institution benefit or be harmed by recommendations of guidelines on this topic?

☑ Don’t know
☐ No
☐ Yes

If yes, please explain: This seems unlikely.

Career Advancement
6. How would you characterize the support you would receive from your primary mentor, institution, or other entities if your work on this panel or authorship of these guidelines generated a strong reaction from peers outside your institution?

My institutions are very supportive of my work in the field of drug safety and on the opioid crisis in particular.

Advocacy and Policy Positions
7. Do you work for or are you a member of an organization with a stated position related to the topic of these guidelines, e.g., position statement, editorial, blog, amicus brief, or legislature or legal testimony?

☐ No
☑ Yes I am an unpaid member of Physicians for Responsible Opioid Prescribing (PROP), which is sometimes cast as an “anti-opioid” group but in actuality is invested in prescribing that is safer and more evidence-based. I am also a member of the American College of Medical Toxicology. Both groups have publicly available positions on this issue

If yes, are you involved in formulating or voting for positions?

☐ No
☑ Yes I have previously coauthored a letter (PROP 2012) petitioning the FDA to revise its labeling around opioids to better align with the available evidence.

If yes, could recommendations of these guidelines conflict with policies you have promoted or are obligated to follow?

☑ Don’t know or not applicable
☐ No
☐ Yes

If yes, please explain:

**Professional Specialty**

8. What is your primary clinical specialty or subspecialty?

   Internal Medicine, Clinical Pharmacology, Medical Toxicology

9. Do you prescribe or otherwise recommend diagnostic tests or treatments that may be addressed by these guidelines?

   ☒ Yes

   If yes, please explain: As part of my practice I treat patients with chronic pain, sometimes with opioids.

**Expected Interests**

10. Do you expect new financial or nonfinancial interests relevant to the topic of these guidelines not already declared in Part A or Part B of this form?

    ☒ No

    ☐ Yes

    If yes, please describe:
Part C. Summary (NPC Internal Use)

The NPC will review your disclosures and summarize here interests that are judged to be current, material, and with an affected company. You will then be invited to review our determinations and to agree to make all parts of this form (A, B and C) publically available.

Part B. Interests That Are Not Mainly Financial

You have been invited by the National Pain Centre (NPC) to participate in the development of clinical practice guidelines on the following topic(s):

| Opioids for treatment of chronic non-cancer pain |

The questions that follow are designed to elicit information about personal beliefs, intellectual positions or opinions, institutional relationships, and other interests that are not mainly financial and that may be relevant to guidelines on the above topic(s).

Personal Beliefs

1. Do you have strongly held beliefs related to the topic of these guidelines?

☐ No
☒ Yes

If yes, please explain:

I believe it’s vital to have robust, evidenced based guidelines on which to base the practice of safe prescribing of opioids.

Previously Published Opinions

2. Have you ever authored, coauthored, or publicly provided an opinion related to the topic of these guidelines, e.g., a clinical practice guideline, textbook, review article, meeting poster or presentation, grand rounds talk, letter to the editor?

☐ No
☒ Yes

If yes, what were those views and where were they made?

I was one of the two content experts who developed the CME for the guidelines. I have given talks both nationally and internationally on the guidelines. See CV for specifics.

I have co-authored letters to the Federal government regarding safe opioid prescribing through the Canadian Pain Society (CPS) and the College of Family Physicians of Canada (CFPC)
Research

3. Currently or in the past 24 months, have you been involved in a leadership role in any research project not already reported under Part A, Question 4, relevant to the topic of these guidelines, e.g., a research project funded by a nonprofit or governmental organization?

☒ No

☐ Yes, as described below:

| Column 1 | Name the entity funding the research. |
| Column 2 | Describe the research project. |
| Column 3 | Describe your role: (a) national or overall principal investigator, (b) member of a steering committee of a study that does not have a principal investigator, (c) site or local investigator. If other than these options, please describe. |
| Column 4 | Indicate when your involvement ended, if applicable. (If your involvement has not yet ended, indicate “current” or “ongoing.”) |

Add rows as needed for each research project.

Institutional Relationships

4. Do you generate revenues or nonfinancial benefits for your institution by teaching, speaking, consulting, testifying, writing, or otherwise sharing your knowledge or opinions about this guideline topic?

☐ Don’t know

☒ No

☐ Yes

If yes, please explain:

I teach as part of my role at McMaster University as associate clinical professor family medicine and other residents and fellows about pain management and the guidelines. I have also done faculty development workshops. I have done talks for Memorial University of Newfoundland also. I also do peer reviews for the College of Physicians and Surgeons of Ontario around safe prescribing of controlled substances. I reference the guidelines in all of this work.

5. Could your institution benefit or be harmed by recommendations of guidelines on this topic?
☐ Don’t know
☐ No
☒ Yes
If yes, please explain:
I think the institutions benefit from learning about guidelines that promote safe prescribing

Career Advancement
6. How would you characterize the support you would receive from your primary mentor, institution, or other entities if your work on this panel or authorship of these guidelines generated a strong reaction from peers outside your institution?

I think it enhances the relationship with peers and produces credibility as an educator, researcher and as a clinician.

Advocacy and Policy Positions
7. Do you work for or are you a member of an organization with a stated position related to the topic of these guidelines, e.g., position statement, editorial, blog, amicus brief, or legislature or legal testimony?

☐ No
☒ Yes

If yes, are you involved in formulating or voting for positions?

☒ No
☐ Yes

If yes, could recommendations of these guidelines conflict with policies you have promoted or are obligated to follow?

☐ Don’t know or not applicable
☒ No
☐ Yes

If yes, please explain:
Professional Specialty

8. What is your primary clinical specialty or subspecialty?
   Family Medicine- focused practice in chronic pain

9. Do you prescribe or otherwise recommend diagnostic tests or treatments that may be addressed by these guidelines?
   - ☒ Yes
   
   If yes, please explain:
   I follow the guidelines where appropriate. I prescribe opioids.

Expected Interests

10. Do you expect new financial or nonfinancial interests relevant to the topic of these guidelines not already declared in Part A or Part B of this form?
   - ☒ No
   - ☐ Yes
   
   If yes, please describe:
Part C. Summary (NPC Internal Use)

The NPC will review your disclosures and summarize here interests that are judged to be current, material, and with an affected company. You will then be invited to review our determinations and to agree to make all parts of this form (A, B and C) publically available.

**Personal Beliefs**

1. Do you have strongly held beliefs related to the topic of these guidelines?

   ☒ Yes

   If yes, please explain: I think the harms of long-term opioid therapy have been demonstrated more clearly than the benefits. There may be modest benefits for select groups of people.

**Previously Published Opinions**

2. Have you ever authored, coauthored, or publicly provided an opinion related to the topic of these guidelines, e.g., a clinical practice guideline, textbook, review article, meeting poster or presentation, grand rounds talk, letter to the editor?

   ☒ Yes

   If yes, what were those views and where were they made?

   I have published many research articles and opinion pieces on these issues. The best single summary is the plenary lecture I gave in Milan in 2014, which is summarized here: Sullivan MD, Howe CI, Opioid Therapy for Chronic Pain in the US: promises and perils, *Pain*, 2013; 154 Suppl 1:S94-100. doi: 10.1016/j.pain.2013.09.009.

1. Do you have strongly held beliefs related to the topic of these guidelines?
   - [ ] No
   - [x] Yes

If yes, please explain: Evidence-based guidelines are important and should always inform our practice.

Previously Published Opinions
2. Have you authored, coauthored, or publicly provided an opinion related to the topic of these guidelines, e.g., a clinical practice guideline, textbook, review article, meeting poster or presentation, grand rounds talk, letter to the editor?
   - [ ] No
   - [x] Yes

I am a chronic pain physician, working in an academic setting. Therefore, I teach evidence-based prescribing of opioids, including:
- Assess opioid addiction risks prior to prescribing,
- Make accurate diagnosis including all co-morbidities e.g., anxiety, depression,
- Operate in a team with the patient and their primary care physician,
- Weigh and weigh evidence as to length of presentations.

Part B. Interests That Are Not Mainly Financial

You have been invited by the National Pain Centre (NPC) to participate in the development of clinical practice guidelines on the following topic(s):

Opioids for treatment of chronic non-cancer pain

The questions that follow are designed to elicit information about personal beliefs, intellectual positions or opinions, institutional relationships, and other interests that are not mainly financial and that may be relevant to guidelines on the above topic(s).

Personal Beliefs

1. Do you have strongly held beliefs related to the topic of these guidelines?

☐ No
☐ Yes

If yes, please explain: I have 25 years of hands-on experience in the outpatient management of patients with chronic non-cancer pain. During this time I have seen people’s lives changed for the better by the careful prescribing of long-term opioids, I have seen people obtain little or no benefit and I have seen people harmed. I have started and followed many people on opioids – some for almost 20 years - and I have taken many people off of opioids when appropriate.

I have worked in Addictions Medicine for 30 years up until 2015, where I have seen the harms of misused opioids by people without pain. In my opinion, these are mostly two separate issues.

We have little long-term evidence for most treatments for chronic pain. Therefore I believe that patients with chronic pain deserve informed access to ALL available treatment options for pain – including opioids, if appropriately managed. I also believe that all physicians should be exposed to mandatory training on pain assessment and management – including the appropriate use of opioids.

Previously Published Opinions

2. Have you ever authored, coauthored, or publicly provided an opinion related to the topic of these guidelines, e.g., a clinical practice guideline, textbook, review article, meeting poster or presentation, grand rounds talk, letter to the editor?

☐ No
☐ Yes
If yes, what were those views and where were they made?

Chair of a committee of the Canadian Pain Society regarding a consensus statement and guidelines for the Use of Opioid Analgesics for the Treatment of Chronic Non-Cancer Pain – 2002

I attach a CV with other educational activities and publications.

Research

3. Currently or in the past 24 months, have you been involved in a leadership role in any research project not already reported under Part A, Question 4, relevant to the topic of these guidelines, e.g., a research project funded by a nonprofit or governmental organization?

☐ Yes

If yes, please explain:

Career Advancement

6. How would you characterize the support you would receive from your primary mentor, institution, or other entities if your work on this panel or authorship of these guidelines generated a strong reaction from peers outside your institution?

My pain organization provides strong support for the work that I do as we are interested in providing best practice pain management for our patients.

Advocacy and Policy Positions

7. Do you work for or are you a member of an organization with a stated position related to the topic of these guidelines, e.g., position statement, editorial, blog, amicus brief, or legislature or legal testimony?

☐ No

☐ ☐ Yes, not sure if the info below is what you are asking about

Mentor for the Medical Mentoring for Addictions and Pain program of the Ontario College of Family Physicians where

Member of the Pain Committee of the College of Family Physicians of Canada

Member of the Canadian Pain Society

If yes, are you involved in formulating or voting for positions?

☐ No

☐ ☐ Yes – as a member of the CFPC Chronic Pain committee I have contributed to the development of positions (i.e., training of new and existing physicians in pain management)

If yes, could recommendations of these guidelines conflict with policies you have promoted or are obligated to follow?

☐ Don’t know or not applicable

☐ ☐ No
Professional Specialty
8. What is your primary clinical specialty or subspecialty?
   General Practice in Ontario - with a focused practice in chronic pain management and addiction
9. Do you prescribe or otherwise recommend diagnostic tests or treatments that may be addressed by these guidelines?
   ☐ No
   ☐ Yes
   If yes, please explain: prescribe opioids for chronic pain and order urine drug screening as a regular part of opioid prescribing

Expected Interests
10. Do you expect new financial or nonfinancial interests relevant to the topic of these guidelines not already declared in Part A or Part B of this form?
    ☐ No
    ☐ Yes
    If yes, please describe:

To The Committee:

To stay true to the principles of EBM I hope that the final expert panel has a balance of those whose knowledge of using opioids to treat people with pain comes from reading papers (desk experts), those who have clinical hands-on experience with opioids (field experts) and patients with chronic pain. Which group each individual participant fits into should be clearly known by all at the beginning of the process.
